

SUITS FOR SUCCESS HOUSTON

Impact Report

A MESSAGE FROM OUR BOARD CHAIR

At Suits for Success we aim to mentor high school boys and teach them life skills that are essential to them being productive young men. We believe looking like a success is the first step to achieving success.

A YEAR WITH UNIQUE CHALLENGES

In 2022, our students continued to pursue their aspirations despite the ongoing challenges caused by COVID-19. With support, we empowered the young men to be more prepared and create new and better opportunities for themselves.

Through mentorship, leadership, guidance, and the application of everyday professional tools, Suit for Success acts as a stepping stone propelling graduating seniors to the next arena of their life.
